"This is the fire that will help the generations to come, if they use it in a sacred manner. But if they do not use it well, the fire will have the power to do them great harm."

Sioux Indians

In a council house in Albany, New York, once burned the fire that made the six Indian nations a great and undivided race. As long as the fire continued to burn, these nations were at peace, but as soon as the fire was extinguished war could be waged.

At Brookline High School, spirit is our fire.

DEDICATION

THERE IS NO student or faculty member of Brookline High School who is unaware of the merits of Mr. Carmen P. Rinaldi. He has served Brookline, both as a teacher and as an administrator, possessing for each the qualities of leadership and integrity that have no equal. For four years Lincoln House has had an adviser who has been firm yet sympathetic, authoritative yet understanding. Innovations throughout the school are marked by his influence, the culmination of which was shown in his appointment as director of the Brookline Summer School program.

No amount of time will be able to erase the many contributions that Mr. Rinaldi has made to the welfare of the school. To express our appreciation, the 1963 *Murivian* Staff dedicates this yearbook to Mr. Carmen P. Rinaldi on behalf of the students and faculty of the high school, as well as the community of Brookline.

For its students Brookline

High School is an

entire world.

This world, as any other, must revolve around the essential element, peace.

At Brookline High School we find the peace and cooperation necessary to live in harmony.

The culmination of our four years at Brookline High School finds us facing a complex world; yet we are secure in the knowledge that peace will bring hope for all mankind.

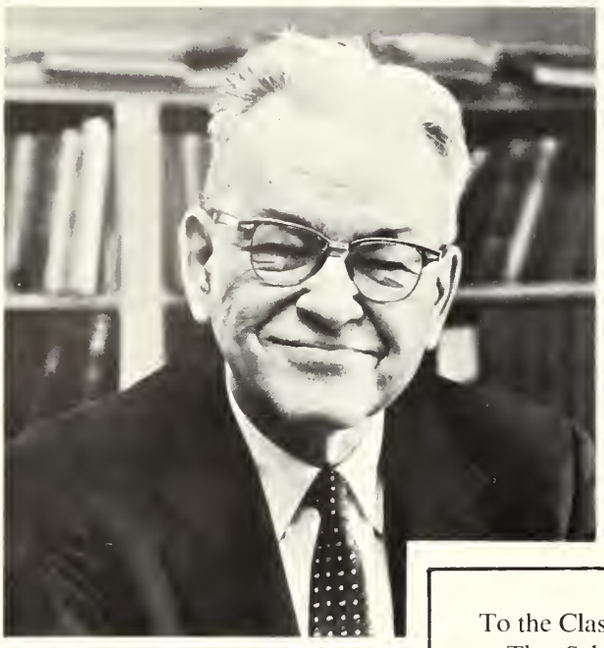
For a world of peace



Dr. Ernest R. Caverly,
Superintendent of Schools

To the Class of 1963:

The School Committee, and all of us in the Central Office, send you greetings and best wishes for the years ahead. What you are to be, you are already becoming, and we are happy to have had the privilege of contributing to your present and future success. Some of you will distinguish yourselves in the arts, in business, or in public affairs. Some will play modest roles in life, and these too will be worthy of our respect and admiration. Most of all we wish that your lives may be honorable, serviceable, and happy.

leaders are essential.

Dr. Bertram H. Holland,
Headmaster

As you, the members of the Class of 1963, leave Brookline High School, I commend to you the words of John Donne:

> "No man is an island, entire of itself; every man is a piece of the continent, a part of the main. If a clod be washed away by the sea, Europe is the less, as well as if a promontory were, as well as if a manor of thy friend's or thine own were: any man's death diminishes me, because I am involved in mankind, and therefore never send to know for whom the bell tolls; it tolls for thee."

These words are even more appropriate today than when they were written circa 1623. We all bear a share of responsibility for events in Mississippi, in Cuba, in India, on the next street, in the corridor. This is so whether we like it or not and regardless of our individual awareness of the fact. It is one of the sobering realizations that identify a mature citizen.

Once having acquired this concept one never again acts in quite as juvenile a manner as he did before. It is the hallmark of a civilized person and the basic precept of society and of all humane actions. It is the prime corollary of the God-given right of all men to personal dignity and self-respect. From it flow the virtues of integrity, honesty, truthfulness, self-sacrifice. Brotherhood is an active, not a passive ideal, which becomes hollow and weak unless applied consciously in our daily living. No man is truly educated who does not subscribe wholeheartedly to the idea that he is, indeed, his brother's keeper.

BERTRAM H. HOLLAND
Headmaster

There are many aspects

ROW 1: Inez K. Woodberry; Priscilla B. Peckham, *head of dept.;* Theodora G. Graff. ROW 2: Joseph S. Coletta, John N. Lamb.

ART

The art department is well publicized at Brookline High. No student is able to walk by the art rooms on the third floor without noticing the skillfully arranged displays of sculpture, painting or charcoal drawings. Each work of art manifests the excellence of our art department.

ROW 1: Anne C. Boland, Svea W. Kling; Christian W. Ehnes, *head of dept.;* Martha B. Murdock, Marguerite S. Greenshields. ROW 2: Elaine E. Seltzer, John H. Wall, Roland A. Dwinell, Stuart Dunbar. ABSENT: Sylvia Cummin, Benjamin H. Golini.

BUSINESS

The business department is devoted primarily to those students who plan to pursue a career in the business world. Personal use courses in the business arts are available to the entire student body.

ENGLISH

The English teachers are an essential part of our high school life. Since English is a four-year required subject for all students, the development of our reading and writing skills as guided by those teachers is one of the most valuable courses of our basic education.

GUIDANCE

The mathematics classroom is not the only place where problems are solved. Rooms 201 and 202 are open throughout the school day to all students wishing to discuss any and every aspect of school life. This year our guidance department has been enlarged so that it may better serve the students.

HOMEMAKING

The aroma of freshly baked cookies often greets the hungry student as he walks along the second floor. Unfortunately, if it is not lunchtime, there is no hope of food. The only solution is to join the group of boys and girls who are learning culinary and domestic arts.

INDUSTRIAL ARTS

For students interested in having careers in the industrial arts or constructive hobbies—automotive, electrical, metal work, machine work, mechanical drawing, printing, woodworking—the facilities of the manual training building are available. Also included is a personal use course designed to teach the student the fundamentals of driving.

LIBRARY

Containing 15,000 books, the Brookline High School library is one of the largest high school libraries in Massachusetts. Students may take advantage of the fine selection of books not only during study periods but also before and after school.

Our school could not be run efficiently without the aid of the secretaries. Most students do not realize the amount of work that is required to run a school as large as Brookline High. Regardless of their constant pressures, the secretaries are smiling and willing to help at any time of day.

Physical education has always been required of Brookline students. The current emphasis on physical fitness has resulted in the expansion of the gym program. Able students, forming a gym leaders corps, assist the teachers, while gaining experience in leadership.

Inez Woodberry, *Asst. Housemaster*

To Akers House 1964:

This is the time during the history of any house when the hard work that has led to growth in so many aspects of our school life begins to have greater meaning. We can now project our yearnings and our strength toward full fruition during our last and most profitable year. We urge you to embrace wholeheartedly all of the opportunities your school and its faculty offer you in the realization of all the goals you cherish.

Packard House

To the students of Packard House:

As you know, the motto of Packard House is "Aim High." In the rapidly changing world in which you live, your horizons have changed. The age of rockets, missiles, and space travel has opened new areas of challenge to your way of life and to your aspirations for the future. As you make your plans for your present and future life, adjust your sights realistically, but continue to aim high. The scientists, philosophers, inventors, statesmen, and great leaders of the future will come from your generation. Live the good life now and prepare for the future. You carry with you our best wishes for success.

and extracurricular activities.

To the Members of Shailer House:

A year has passed since you came to Brookline High School. During this time we have gotten to know one another a little better and you have begun to discover some of the interests which you will pursue. We have found that you have adjusted very well both in the classroom and in the way you have faced your new responsibilities; however, many adjustments lie ahead and the better you handle them, the more productive you will be.

We hope that this year has been a happy one for you and that the next three will be as pleasant. Remember that Shailer House can be a better house if you will take an active part in it.

At Brookline High School

Art Club

Pres.: Sandra Berry
V.P.: Joanne Tribble
Sec.: Janet Wing
Treas.: Susan Tilton
Adv.: Mrs. Woodberry

Gathering on Thursday afternoons, members of the Art Club plan projects and learn about all the aspects of art through movies, discussions, and extra practice time. Visits to museums and studios highlight the year's program. Members of the Art Club are America's answer to secondary-school Rembrandts.

Audio-Visual Staff

Student Director: Gerald Lester
Adv.: Mr. Lowe

The members of the Audio-Visual staff, equipped with mechanical instinct, use their knowledge and energies to manipulate such instruments as the film and slide projectors. They alone are responsible for the operation of the film and stage equipment available for use throughout the school to promote visual education.

Band

Student Conductor: Peter Ross
Band Manager: Steven Polit
Sec.: Jacquelyn Kahn
Treas.: Richard Jacobs
Librarian: Charles Levin
Conductor: Mr. Madden

The achievements of our Concert Band are often forgotten amid its famous reviews as a marching band. As an accompaniment to the football team, these musicians fire the school with enthusiasm. But in addition to this, the scheduled performances throughout the year augment festivities such as the Winter Carnival Weekend, exchange concerts with other high school bands, and alumni nights.

If one finds himself in a state of pecuniary paucity, that person is, in the vernacular, "short of cash."—That, friends, is the language of money! Fortunately, we at Brookline High School never need worry about penury, because we know our financial activities are in the able hands of the members of the Central Treasury. If you have ever wondered what happens to the dues that you so dutifully hand over to the Club Treasurer, you may rest assured that the "financial wizards" of the Central Treasury are managing it.

BROOKLINE'S excellence continued on the athletic field as well as in the classroom during the 1962-1963 season. The football team faltered just once in the fall. A victory against Newton would have given them a share of the state Class A championship. Hampered by disorganization early in the season, the basketball team, nicknamed the "Comeback Kids" by Bill Kipouras of the Boston *Herald,* rebounded after dropping four of its first five games to win eleven in a row, thus qualifying for the Tech Tourney.

Displaying a superb defense, the hockey team, by subduing Waltham, captured its share of the G.B.I. championship. This was one of the best hockey teams in recent Brookline history.

The swimming team enjoyed another highly successful season with a 12-2 record. The team featured several returning veterans, already thoroughly tested in varsity competition.

Thus, Brookline has every reason to be proud of its athletic teams which have shown the skill and good sportsmanship necessary for a victory.

Football

This year's varsity football team should be considered successful in spite of the Newton loss, which prevented its winning the state championship in Class A. competition. Coach Schluntz felt that as a result of several injuries, there was slow development at the outset. The high points of the season were the Arlington and Beverly games, for both teams ended the season undefeated except for their losses to Brookline. Coach Schluntz concluded, "Although the final game did take some satisfaction from the season, we as a team did very well considering the lack of depth."

Highly deserving of the All-Scholastic football honors they received, were quarterbacks Eric Heitman and Captain James Prevoir.

The members of the team have worked their way up from the freshman and J.V. teams.

Field Hockey

Offered in the fall as a varsity sport, field hockey gives girls a chance to participate in inter-scholastic competition. One word of advice—players should attempt this sport only with the protection of shin guards because they might get hit instead of the ball in the excitement of a wonderful game.

Modern Dance

Prose and poetry, music, and art are all modes of expression. However, the girls who participate in the Modern Dance Program feel that the dance is the best way to reveal one's emotions. This after-school activity was undertaken for the first time this year.

Hockey

For the first time in six years, Brookline qualified for the State Hockey Tournament and, also, had a share of the G.B.I. title along with Arlington and Newton. Captains Bob Collins and Phil Speros attribute the success of the team to the strength of the defense. Kevin Fleming proved to be top scorer while Frank Pons showed himself to be the key to the defense. The latter was named the most valuable player in the G.B.I. League with Phil Speros gaining a place on the first all-star team.

Softball

Girls who don't use a bat to hit their boyfriends on the head, instead, swing it for a home run. Every spring, many girls join the softball team not only for extra points toward their Old English "B," but also for the fun and challenge of the game. So if any girl finds that she has spring fever, she should come out for some fresh air and exercise by joining the softball team in some interscholastic competition.

Girls' Swimming

One needn't be a Senior Life Saver to join the swimming team. In the fall, girls have an opportunity to compete among themselves in swimming. This sport gives 50 points to any girl working toward her Old English "B." At any time, the pool is perfect for a relaxing swim.

Old English "B"

Girls who are interested in sports and competition may participate in many games and team sports after school. Points are given for being gym leaders during school. A total of five hundred points qualifies a girl to win an Old English "B," the symbol of outstanding athletic achievement for girls.

Varsity Letters

Varsity letters are awarded to those boys who are interested in and have participated in the sports offered at Brookline. Since the boys not only play well but also learn good sportsmanship and experience the importance of teamwork, they may wear their letters proudly.

"And in the sweetness of friendship let there be laughter, and sharing of pleasures."

In Memoriam . . .

Large was his soul; as large a soul as e'er
Submitted to inform a body here;
High as the place 'twas shortly in Heaven to have,
But low and humble as his grave;
So high that all the virtues there did come
As to the chiefest seat
Conspicuous, and great;
So low that for me too it made a room.

The fire of peace is everlasting at Brookline High School. It is tended for four years by the students with the aid of the faculty and administration. At the end of the four years' watch, the graduating seniors carry with them sparks of that flame to start their own fires, wherever they may roam.
